

FAQ – NRCC 2022

Q: Is the race open for international rowers?

A: Yes. The more the merrier!

Q: But what happens if a non-Nordic team wins?

- The best Team regardless of Nationality will become Nordic Champion
- The best Swedish Team will become Swedish Champion.

Q: My friend and I represent different clubs but want to race together in a team boat. Can we do this?

A: Yes. But you can only win the Nordic Championship. To become Swedish Champion you have to represent the same Swedish club.

Q: But what if...?

A: Don't worry. We will solve it.

Q: I want to compete in many races. Can I double up (enter 2 or more races)?

A: The schedule can get very tight depending on weather and if there will be heats. Doubling up will most likely be possible, but not very comfortable.

Q: Will there be masters classes?

A: The classes in NRCC/SRCC will be Open Classes only. If many master teams enter we might add a prize for best masters crew.

Q: Will there be junior classes?

A: The classes in NRCC/SRCC will be Open Classes only. If many junior teams enter we might add a prize for best junior crew. For security reasons we will not allow juniors to enter the 1x races. For team boats we recommend ages 16+. Note: We put great emphasis that all teams and team leaders have safety as a priority and understand the risks of coastal rowing. The water outside Helsingborg can be very tough in windy conditions.

Q: We will go to the race by plane and it's hard for us to bring boat and oars. What should we do?

A: We have boat pool for the regatta. The rental includes boat, oars and life jacket.

Q: We want to enter the 4x+, but we don't have a cox. Can you provide one?

A: No, sorry.

Q: NRCC/SRCC will be the first time i/we try coastal rowing, anything we should think about?

1. Please, take time to try coastal rowing before racing. Even if you are an experienced rower on flat water, it is a lot different to row in waves.
2. NOTE: The water outside Helsingborg can be very difficult in windy conditions.
3. Take time to read the FISA coastal appendix so you are up to date with the rules of racing.

Q: Where should we stay?

A: We do not have any hotel bookings. Check out www.hotels.com or www.airbnb.com
